Welcome to the Maldives, where sands are white as the smiles of the locals, where fish swim happily in the warm waters of the Indian Ocean, where the weather is a dream, and the deep rays of the sun wait to engulf you their arms.

Location and Geography

The country is made up of 1,190 coral islands formed around 26 natural ring-like atolls, spread over 90,000 square kilometers. These atolls structures are formed upon a sharp ridge rising from the ocean, making way for their secluded uniqueness.

Culture

The islands of Maldives appear in-between the trading route of the Indian Ocean. Thus settlers, and visitors from neighbouring regions and around the world have come in contact with the islands for as long as history has been recorded. Such is the to-and-fro flow of people and their cultures, that a marked effect has been left in the Maldivian people, the language, beliefs, arts, and attitudes.

The Environment

The islands are protected by thousands of reefs that need to be alive for this unique archipelago to exist in future. The corals on our reefs need its countless inhabitants to feed on them for the corals to re-grow.

Weather and Climate: -

Weather in Maldives is usually picture perfect: sunlit days, breezy nights, balmy mornings, and iridescent sunsets. With the average temp. at about 30 Deg. Cel. throughout the year, the sun is a constant on most days, shining through treetops, creating lacy patterns on your feet.

Maldives has two distinct seasons; dry season and wet season with the former extending from January to March and the latter from mid-May to November.

Immigration and Visa: -

Tourists are issued a 30-day visa on arrival. A valid travel document is necessary. You can obtain circumstantial visa grants through the Department of Immigration and Emigration in Male'.

Customs: -

It is prohibited to bring in fire-arms, drugs, pornography or idols of worship into the Maldives. Tourists also cannot bring in dogs, pigs and pork items. Alcohol and pork products under a special license are available in resort islands.
